Fresh Tracks

Seasons Greetings my fine feathered friends,

Well, well... snow on Thanksgiving Day. Hello winter, thanks for showing up – let me set a place for you. Oh, wait... you're not staying? Well, that's fine... as long as you promise to come back sometime soon and visit for a little longer. I'll look forward to seeing you soon. *(For the record, yes, I talk to myself. And, again for the record, this is what the voices in my head were saying on Thanksgiving Day. Hey... sometimes it gets lonely... get off my back!)*

Being ski club members, we all start to check out mountain reports and listen for the familiar hum of our favorite chairlift now that we've flipped the calendar to December... we get excited for so many reasons this time of year. Your gear comes closer to the front of the closet, the jackets you haven't seen in 9 months are in heavy rotation, and the smell of ski wax takes the place of suntan lotion. What an exciting time of year for all of us.

But this is also the time of year I start to reflect. I think of all the good times I've had for the last 11 months, all the great memories, wonderful friends, and awesome adventures I've shared with those close to me. I work a little harder to think of others, be thankful for what I have, and find myself a little more charitable than normal. Maybe it makes the holiday season a little more exciting, a little more awe inspiring, a little more... magical. Whatever it is... it's a wonderful time of year. And I hope yours is that much and more.

I'd like to take this opportunity to wish all of you a very happy, healthy and safe holiday season. Enjoy the magic this time of year brings with it, and embrace it for all it is worth. I hope each and every one of you has an opportunity to reflect on the past year, honor those who have passed, and cherish those you hold dear. Happy Holiday's gang... enjoy.

See ya soon,

Brian J. Nuss, President, Ptarmigan Ski Club

KILLINGTON, VERMONT
THURS. afternoon, FEB. 24 to SUN. evening, FEB. 27, 2011

Come join your friends on a long weekend ski trip to Killington, Vermont where there's an abundance of snow, long trails, and where cruising is made accessible by quad chairs, high-speed gondola, solid grooming, and ample snowmaking. Killington Resort stretches across six mountains and features 140 diverse trails served by 22 lifts. Killington's elevation advantage, combined with the world's most extensive 600-acre snowmaking system and 250 inches of annual snowfall, means you'll enjoy the best ski and snowboard conditions every day of the season!

Killington is known for its diversity of terrain, providing skiers and riders of all ability levels a choice of wide-open groomed cruisers, narrow classic New England runs, moguls, steeps and trees. Killington offers multiple terrain features for snowboarders and freeskiers, including five terrain parks and a 500-foot long Superpipe.

Killington's 17-vehicle Grooming Fleet grooms 50-80% of open terrain on a nightly basis. We also have numerous trails that are left untouched for the mogul enthusiasts, including Outer Limits - the steepest, longest mogul slope in the East!

We will stay at Cascades Hotel, located at the Killington base. The Cascades Lodge has deluxe room and includes an indoor pool with sundeck, restaurant, pub, lounge, sauna, hot tub, free Wi-Fi, coffee in rooms, refrigerators and much more. Cascades Lodge includes a hot breakfast buffet. This 3 star hotel is a short walk to the Snowshed Base Lodge and slopes.

NON-SKIERS AND OTHER WINTER ACTIVITIES: The Killington Region has many other activities including cross-country skiing, rock climbing, snowmobiling, snowshoeing, dog sledding, spas, shopping, fine dining and nightlife.

We leave Allentown around 4'ish on Thursday and return home on Sunday around 9:00pm. **Price includes** deluxe (55 passenger) motorcoach video bus, driver's room & tip, hotel accommodations for 3 nights of lodging, 3 hot breakfasts, 3 days of ski lift tickets, gratuities on all your meals, and Vermont's sales tax & services on your room and meals.

*Learn to be an
instructor... or to
ski & ride like one!*

**Improve your own skills, and learn how to
teach others your favorite sport!**

(ski, snowboard, and x-country)

Fact is, you can be a better skier or boarder just by learning and applying certain basic skills!

Learn these skills by joining the Amateur Ski Instructors Association and taking one of ASIA's ski/snowboard instruction programs. ASIA membership is open to anyone interested in promoting or participating in snow-sports, individually or through clubs and organizations. ASIA offers contributing memberships to the public, enabling you to enjoy several ski improvement programs throughout the northeast, as well as our popular rally events.

To join ASIA, download from their website and fill out a membership application, and mail it to the office with your \$25 dues. To take a program, check the schedule for an event near you. Download and fill out the program application, mail it to the coordinator listed on the schedule with your check for the program fee, and start looking forward to the snow season when you learn to ski/ride like the pros!

ASIA is a professional, non-profit organization and a member school of PSIA, the Professional Ski Instructors of America, and AASI, the American Association of Snowboard Instructors. Participate in ASIA programs to learn how to teach others in a club or school program, or to support friends or family members learning to ski, cross-country ski, or snowboard. Also join just for the fun, camaraderie, and exciting learning opportunities these programs provide!

Improve your skills this winter!

Spend a weekend improving your technique and socializing with fun people! Sign up for an ASIA event! These programs are not learn-to experiences, but rather upper level improvement courses geared to the intermediate to expert skier. Rally events also provide you with a meal/entertainment package. As you can see in the list below, ASIA has a variety of course choices for you! Want to teach beginners your sport? Then try our alpine/snowboard teaching certification programs too

Level I Certification this program is for intermediate to advanced skiers or boarders who want to improve their personal skiing or learn to teach beginning skiing to others. Students receive four days of training in three areas: personal skiing skills development, learning basic teaching skills, and learning to demonstrate skiing to others. We teach you "how to" teach others to ski, and how to explain and demonstrate required maneuvers as a ski teacher. An on-snow evaluation is given on the fourth day to determine if you have learned what was presented and are qualified to help others learn to ski safely.

Intermediate Skiing Improvement helps blue square skiers develop parallel turns, taking their skills and confidence to new levels. You must be comfortable skiing blue square slopes and be skiing somewhat parallel. If you've hesitated taking an ASIA program because you were not comfortable skiing black diamond terrain, this is the program for you.

Advanced Skiing Improvement takes black diamond skiers as far as they can go: whatever the mountain has to offer! Clinics focus on applying and refining the basic skills in all types of terrain and conditions. All groups are divided by skill development level.
